

BUTTERFLY VALVE (PTFE) OFFSET DESIGN

SIZE: 2" (50mm) to 36" (900mm)
(Higher sizes available on request)

RATING: ASA 150# to ASA 300# & Equivalent
(Higher Rating available on request)

FEATURES:

- ◆ Wafer style connection.
- ◆ Fully bidirectional design.
- ◆ Minimum obstruction of flowing area i.e. high capacity.
- ◆ No internal cavity.
- ◆ Low operating torque.
- ◆ Seat replacement without valve disassembly.
- ◆ Used for on - off as well as control application.
- ◆ Low cost, light weight and space saving in combination with good flow characteristics.

APPLICATIONS:

- ★ Low pressure steam, liquid and gases service.
- ★ Installations where large volumes approaching full line capacity handled with low pressure drop.
